

ECCO Supply™ launches ECCO Rewards™, a loyalty points program

November 2017 – ECCO Supply™ launches its loyalty rewards program, ECCO Rewards™, as they move to increase the value they offer to both their vendors and customers alike. ECCO Rewards™ provides a mechanism where vendors have access to a strong customer base for which product promotions can be optimised while customers are rewarded, through a points based program, for the purchases they make, in the form of gifts or travel.

“Everyone here at ECCO Supply™ is excited about our exceptional, new customer loyalty engagement program, ECCO Rewards™”, says Shaine Nobert, Vice-President and General Manager. “This program is our way of thanking our customers for their ongoing support in business.”

The ECCO Rewards™ program is designed to increase the value for ECCO Supply’s customers, with value being the delivery of quality products, from industry leading vendors, with excellent service, both commercial and technical to their customers, effectively and efficiently while also rewarding its customers for their continued business support.

“In addition to thanking our deserving loyal customers, we are working to attract new customers with the ECCO Rewards™ program”, Shaine Nobert said. “Current and new customers will be provided with access to an online catalogue of gifts, electronics, household items, and vacation getaways.”

The ECCO Rewards™ Program is one way in which ECCO Supply™ is committed to providing their customers with the best products, programs and value-added services in the marketplace.
