

ECCO Supply™ expands into Prince George, BC opening their 15th sales branch and appoints Farren Edmunds as Branch Manager to helm the operation

May 2019, Prince George, British Columbia – ECCO Supply is pleased to announce a new appointment to their ECCO Supply team as well as inform of an exciting new business expansion.

Farren Edmunds has come on board as Branch Manager of their newest sales branch which opened to business in April 2019. Located in Prince George, BC, this branch is their 15th location.

Farren has a notable 36-year history in the HVAC industry which includes owning MTR Control Systems Ltd. His experience in management, sales, purchasing, warehousing and customer service will ensure ECCO Supply's mutual success as they venture to set up brick and mortar in a new market.

Prince George is undergoing a significant transformation as new construction projects and infrastructure upgrades aim to revitalize the city core. It also serves as the perfect location to service Northern BC which currently is a relatively un-touched market for ECCO Supply.

ECCO Supply is confident with the industry expertise they are gaining in Farren, and the vast market share opportunities in Prince George and surrounding areas, that they are further affirming themselves as the industry leader in Western Canada.
