

ECCO Supply™ is pleased to announce they have entered into a strategic agreement with RedZone™ Products making them the exclusive distributor for Western Canada.

October 2016, Langley, BC Corporate Operations – RedZone™ is a Canadian made high performance hydronic furnace CSA P.9-11 tested and certified for package combination (space heating and domestic hot water systems). Utilizing condensing tankless water heating technology from the two industry leaders, Rinnai® and Bosch, RedZone™ delivers both home heat and hot water from an efficient compact package.

RedZone™ tankless hot water home heating is a new and exciting hot water, home heat option. It offers some excellent advantages including: high efficiency, lower operating costs, simplified, cost-effective installation and gentle heat that's less dry than typical forced-air. These systems are positioned to become a strong alternative to traditional heating.

Bosch Tankless Water Heaters are approved with ECCO's Polypropylene Vent System making this tankless hot water home heating system a perfect addition to ECCO Supply's product line.

About ECCO Supply™
