GAS FURNACES

MG9S™ SERIES — 95.5% AFUE

- Approved for Modular Housing and Manufactured Home Application
- Zero clearance feature allows these furnaces to be installed where space is at a premium
- Conversion to propane gas is fast and easy. All models provided with a convertible gas valve and gas orifices for both natural and propane gas.
- Easily applied to upflow or downflow installation with minimal conversion necessary
- Compact, easy to install, ideal height 33" tall cabinet
- Venting applications – installed as a 2-pipe (sealed combustion) using outdoor air for combustion
- Hi-tech tubular aluminized steel primary heat exchanger
- Secondary heat exchanger made of resistant stainless steel materials
- Timed on, adjustable off blower capability for maximum comfort
- Airflow leakage less than 1% of nominal airflow at ductblaster conditions
- Quiet inducer operation
